

## Evaluation of Forest Stations of Kerala Forest Department carried out by vigilance wing during January-February 2015

The Vigilance wing of Kerala Forest Department undertook state wide evaluation of forest stations functioning in the state. The proforma developed for collecting data is annexed. All the stations were evaluated on the scale of 1 to 10 and marks obtained have been detailed below. The parameters wherein the forest station lacked severely were also identified for each stations and tabulated below. This evaluation should be brought to the notice of Additional Principal Chief Conservator of Forests (Regional North & Regional South ) and territorial CFs and CCFs for taking necessary actions to address the shortcomings and improve the ratings in future evaluations.

### Synopsis of evaluation of Forest Stations in Kerala by Vigilance Wing during January-February 2015

Sl. No.	Name of the station/Division	Average score(out of 10)	Major shortcomings to be improved					Remarks
			Infrastructure	Station functioning	Records and registers	Database maintenance	Establishment	
1.	Kanamala Station, Ranni Division	5.64	1. No beautification work 2. Inadequate drinking water and electricity 3. No thondy room, inadequate space for parking, improper storage of records and arms  4. Poor condition of vehicle	1. Entries regarding duties, events, wireless messages / telephone messages, petitions or information are not entered in GD 2. No entry of details of area and articles in the GD after taking charge by a new officer.  3. Officers put on station duty are not always 2 4. No prompt and	1. Not maintained the reserve forests and lease register, Key maps for plantation and plantation atlas. 2. No measures for preserving valuable documents	No database of offenders or tribals or MFP collectors are being maintained	Staff are not regularly wearing uniforms	

Sl. No.	Name of the station/Division	Average score(out of 10)	Major shortcomings to be improved					Remarks
			Infrastructure	Station functioning	Records and registers	Database maintenance	Establishment	
				<p>regular direction to the subordinates, inadequate boundary perambulation, improper patrolling and improper investigation.</p> <p>5. Offences to be investigated by the Ranges Officers are not regularly reported in time.</p> <p>6. Improper submission of GD to RO.</p> <p>7. Improper inspection and review of functioning of FS by RO and DFO.</p> <p>8. No innovative steps taken for forest protection</p>				
2.	Karikulam Station, Ranni Division	5.62	No beautification and no thondy room.	<p>1. No action for disposal of thondy articles, improper patrolling, improper investigation of forest offences and offences to be investigated by RO's are not reported in time.</p> <p>2. Boundary perambulation is not doing regularly</p> <p>3. Prompt and regular directions are not being issued to the subordinates.</p> <p>4. Officers put on station duty are not 2 always.</p>	<p>1. Reserve forest register, lease register, maps, key maps for plantation are not maintained.</p> <p>2. The valuable documents are not being preserved.</p>	No database for offenders, tribals, MFP collectors are being maintained	Staff are not regularly wearing uniforms
